Sandra Sobrino  
SanAir Technologies Laboratory, Inc.  
10501 Trade Court  
N Chesterfield, VA 23236

Dear Sandra Sobrino:

Thank you for your application for renewal in the Environmental Laboratory Accreditation Program. Enclosed is a Certificate of Accreditation covering the one-year period beginning September 6, 2024 and a current Scope of Accreditation.

Accreditation is based in part by third party recognition of the Labs NVLAP accreditation.

Accreditation is based in part by third party recognition of the Labs New York Department of Health accreditation.

Renewal of accreditation is based in part on review of your lab's performance over the past year as evidenced by participation in proficiency testing (PT) studies.

As a reminder, continued participation in the Ecology Lab Accreditation Program requires the lab to:

- Submit a renewal application and fees annually.
- Report significant changes in facility, personnel, analytical methods, equipment, the lab's quality assurance (QA) manual or QA procedures as they occur.
- **Participate in proficiency testing studies semi-annually, with the following exception: For each parameter where all required PT samples are analyzed and all results were satisfactory, you are required to submit only one PT result over this next year, and in subsequent years, as long as the results are satisfactory.**
- Submit copies of current third-party Scopes of Accreditation when they are available.

If you have any questions concerning the accreditation of your lab, please contact Kamilee Ginder by e-mail at [kamilee.ginder@ecy.wa.gov](mailto:kamilee.ginder@ecy.wa.gov).

Sincerely,

A handwritten signature in black ink that reads "Rebecca Wood".
